School Overview

Dalby State High School, which opened in 1954, is a large and highly regarded state secondary school in the Darling Downs region of Queensland. The student population was 1,075 students in 2016 and growing.

Dalby State High School has an established reputation built on traditional values including high standards of discipline and pride in appearance. Outstanding achievements across academic, cultural, citizenship and sporting areas can be directly attributed to a committed, experienced and well qualified staff. Our staff make a significant contribution to the lives of our students. We believe high quality teaching is vital for high quality learning. Students are also encouraged to develop the values they are exposed to at home to ensure they leave Dalby State High School as responsible citizens.

The school underwent significant facilities renewal in 2010 - 2011 with major refurbishment of science and dramatic arts classrooms and development of specialist teaching areas including a Trade Training Centre and a Languages Centre. More refurbishment and new construction was completed in 2014 to prepare for the arrival of year 7 students in 2015. This included a new, six classroom building and the full refurbishment of an additional five classrooms.

From the start of 2011 Dalby State High School acquired management of the former Australian Agricultural College Corporation (AACC) site as a second campus. This has provided students at Dalby State High School access to all resources and facilities at the site, including agricultural training, sporting venues, 25 metre swimming pool and other educational facilities. Another highlight is the management of the existing 116 bed residential facility, making Dalby State High School a provider of a safe and enriching boarding experience. This transformation of Dalby State High School into a dual campus school with boarding students marks one of the most exciting times in the school's history. There were sixty-five residential students enrolled at the end of 2016 with 2017 numbers anticipated to be almost eighty.

This report is a brief sketch of some aspects of schooling at Dalby SHS, and provides a brief overview of some key school data and details performance outcomes for Year 12 graduates in 2016.

2015*	1008	462	546	134	90%
2016	1039	473	566	152	89%

Student counts are based on the Census (August) enrolment collection.

*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

In 2016, there were no students enrolled in a pre-Prep** program.

** pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<http://deta.qld.gov.au/earlychildhood/families/pre-prep-indigenous.html>).

Characteristics of the Student Body

Overview

The vast majority of the student body come from families where parents are employed in farming, manufacturing, small business or the resources sector. The rapid increase in local employment in the resource sector has contributed to the school's recent enrolment growth. Approximately 16% of students are of an Indigenous background while 8% are of a non-English speaking background (this is increasing).

Dalby State High School students venture into a variety of post-school pathways at the end of year 12. These include further studies at Universities (the University of Southern Queensland at Toowoomba is the most common choice), further vocational training or direct entry to the workforce.

Average Class Sizes

The following table shows the average class size information for each phase of schooling.

AVERAGE CLASS SIZES			
Phase	2014	2015*	2016
Year 8 – Year 10	24	24	23
Year 11 – Year 12	18	17	17

*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

Curriculum Delivery

Our Approach to Curriculum Delivery

- Senior Secondary:** Our senior curriculum continues to prepare students for further education at TAFE or university or work with strong links established with the manufacturing and agricultural sectors in particular. The school has two highly successful vocational programs (Agricultural Futures & Trade Futures) and a university focussed offering (Agricultural Professionals) as a result. School-based apprenticeships and traineeships remain popular, as do structured work placements. Our year 10 programme is aligned with the year 11 and 12 program in order to help ease the transition into year 11. We pride ourselves on the breadth of curriculum offerings and constantly seek ways to expand opportunities for all of our students.

- **Junior Secondary:** Year 7, 8 and 9 students participate in stable core classes where students are able to build strong relationships with their teachers. Students in Year 8 and 9 also select a range of secondary elective subjects.
- **Apollo program:** Selected high-achieving students in years 8, 9 and 10 can complete a customized subject with four key strands. The first focuses on language and communication. The second focuses on mathematics, science, engineering and technology. The third focuses on the Arts. The fourth is a unique extension program for our brightest students, who commence year 11 studies while still in year 10.
- **Gateways:** The school is a member of gateway to industry programs for Agribusiness and Wine Tourism.
- **Transition to Secondary Schooling Program:** Significant links have been established between all our neighbouring primary schools with a transition program established for all year 7 students. This program enables the students to experience life at high school. For 'at risk' students the program is more comprehensive taking place over a number of weeks. Our year 7 coordinator is appointed whilst students are still at primary school to enable strong links to be formed. Coupled with our DIP (Dalby Inter-year Programme), this ensures that the educational, social and emotional needs of incoming students are met. Year 11 students who are entering from neighbouring P-10 State Schools also enjoy a long and comprehensive transition program.
- **Extension subjects:** English Extension, Music Extension and access to accelerated programmes and the Headstart program cater for students who are gifted in particular areas.
- **Science, Technology, Engineering and Mathematics (STEM):** Strategic planning around a whole-school approach to STEM is in its early stages at the school.

Co-curricular Activities

- School Musical.
- Debating.
- Lions Youth of Year.
- Concert and Stage Band (Instrumental Music program).
- Sporting activities (including sporting excellence program).
- Various external competitions.

How Information and Communication Technologies are used to Assist Learning

Information and Communication Technologies are utilised across the curriculum for a range of purposes. Teachers research and prepare using technological resources and students utilise a range of technologies across subject specialisations to prepare and complete assessment tasks.

We are trialling a range of new technologies in a number of classrooms to enhance the teaching and learning process. Through funding, we have been able to purchase many new computers, hence improving student access to technology. iPads are being trialled in various faculty areas within the school.

In 2017 the school will start planning for the rollout of the Bring Your Own Device (BYOx) program in 2018.

Social Climate

Overview

Parents and students continue to be happy with the education being delivered at Dalby State High School.

Relationships between staff and students are a particular strength especially in the area of extra-curricular activities. Staff believe that Dalby High is a good place to work with a high percentage accessing professional development opportunities to continue to upgrade their skills and knowledge base.

Students continue to excel in a range of academic, sporting and cultural fields which is proof of the high quality education that occurs at Dalby State High.

Students are encouraged (through a variety of means) to report bullying of self and others. The Heads of Department (Student Support – Junior Secondary and Senior Secondary and Behaviour Support) then manage the issues, often working alongside Year Coordinators, Deputy Principals and other key support and teaching staff. This may include referral to administration for counselling and consequences or intervention by a wide range of support personnel. Bullying is not tolerated at Dalby SHS.

Parent and community engagement

Parents are encouraged to become involved in all aspects of their student's education. Volunteers are welcome to assist with learning activities, extracurricular programs, fundraising activities and business enterprises such as the tuckshop run by the P&C.

Parents are regularly consulted on school matters through online surveys, email communication and written response activities. Facebook has become a new and innovative way for the school to communicate with parents and the wider community.

Parent / teacher evenings are held four times per year and community events such as the school musical and speech night are well attended by parents and the broader community.

Students with diverse learning needs have their learning needs met through a consistent collaborative approach that relies heavily on the input of parents and carers. This approach to adjustments and planning is the cornerstone of full participation in the learning programs offered at the school.

Respectful relationships programs

The school has developed and implemented a series of programs and approaches that focus on appropriate, respectful and healthy relationships. These include:

- Years 7-9 have a strong Anti-Bullying focus within Pastoral Care programs.
- Each year level has a particular focus:
 - Year 7 (New Beginnings and Getting to Know Me: Identity, adolescence, healthy bodies and where I come from).
 - Year 8 (Choices and Relationships: Looking after myself, positive relationships, my body and making choices).
 - Year 9 (Responsibility: I'm responsible for me, social responsibility, ethics and health).
- *Love Bites* program for Year 10s
- *Rage* programs for selected year 7-9 students.
- *No Limits* and *Shine* programs for selected year 7-9 girls.
- Annual involvement in *White Ribbon Day* recognition activities.

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2014*	2015**	2016
Short Suspensions – 1 to 5 days	303	359	254
Long Suspensions – 6 to 20 days	23	14	14
Exclusions	5	8	13
Cancellations of Enrolment	14	17	20

* Caution should be used when comparing post 2013 SDA data as amendments to EGPA disciplinary provisions and changes in methodology created time series breaks in 2014 and 2015.

**From 2015, Exclusion represents principal decisions to exclude rather than recommendations for exclusion. From 2015 where a principal decided not to exclude, a small number of recommendations for exclusions have been counted as a long suspension. Exclusions, Cancellations and Long & Charge Suspensions may be upheld or set aside through an appeals process.

Environmental Footprint

Reducing the school's environmental footprint

Staff and students are regularly encouraged to minimise heating, cooling and lighting use. In a school with extreme temperatures in both winter and summer, this is critical to manage overall usage.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2013-2014	420,503	14,663
2014-2015	1,063,400	5,423
2015-2016	468,797	10,230

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

Student Attendance

Student attendance

The table below shows the attendance information for all students at this school:

STUDENT ATTENDANCE 2016			
Description	2014	2015	2016
The overall attendance rate* for the students at this school (shown as a percentage).	86%	89%	89%
The attendance rate for Indigenous students at this school (shown as a percentage).	77%	83%	81%

*The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall student attendance rate in 2016 for all Queensland Secondary schools was 90%.

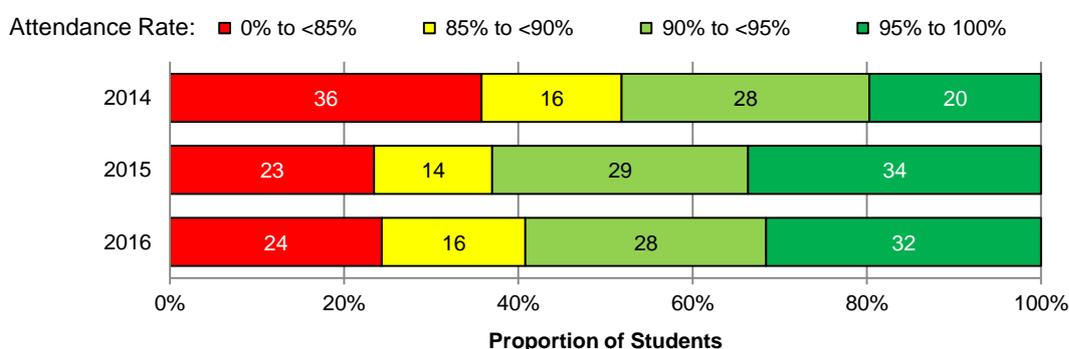

AVERAGE STUDENT ATTENDANCE RATE* (%) FOR EACH YEAR LEVEL													
Year Level	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12

2016								91%	90%	87%	88%	88%	89%

*Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

Student Attendance Distribution

The proportions of students by attendance range:

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

The school uses the electronic IDATTEND system to record and monitor student absences. Members of the school office staff, administration team, guidance officer and year coordinators work together to monitor student absences and support students who are having difficulties in attending school. Planning has occurred in 2016 for the deployment of a full-time Attendance Officer to work at the school in 2017.

Student Destinations

Post-school destination information

The results of the 2016 post-school destinations survey, Next Step – Student Destination Report (2016 Year 12 cohort), will be uploaded to the school's website in September.

The report will be available at:

<https://dalbyshs.eq.edu.au/Supportandresources/Formsanddocuments/Documents/next-step-summary-report.pdf>

Early leavers information

The destinations of young people who left the school in Years 10, 11 and prior to completing Year 12 are described below. The school, in certain circumstances, will endorse early leaving from school, if the student and their family have established a meaningful work option as a pathway. For those students, the school would consider entry to the workforce to be a more suitable option than continuation of formal schooling. For other students who are at significant risk of disengaging with their learning, a pathway is developed in consultation with an external agency for the completion of an alternative program.

Conclusion

Our school vision is 'Creating the Future; every student, every day'. This vision is enacted through the school values of Positive Relationships, Student Diversity, Multiple Pathways and Teacher Excellence. These values are reflected in all student relationships with the school, their family, the community and the environment. Our ethos and enrolment numbers allow every student to participate, contribute and be involved.
