

# Supporting brighter futures for country kids

Arrow Energy's agricultural scholarships at Dalby State High School are helping to educate future Western Downs farmers. By lessening the financial burden on families to provide a first-class education, their children can continue their agricultural studies at the school's Bunya campus.

To find out more about the work Arrow does to support education, health and environmental programs in Queensland, go to [www.arrowenergy.com.au](http://www.arrowenergy.com.au)
